

NFHS Rule Change Effective This Season

- Team foul count will reset each quarter; not at the start of the 2nd half
- Two bonus free-throws will be administered on the 5th team foul each quarter
- Eliminates the one and one free-throws for common fouls beginning with the 7th team foul
- Shifts the double bonus free-throws from 10 team fouls to 5 team fouls
- Shooting fouls will still be administered as before
- Remains 5 personal fouls to disqualification
- Allows a team that experiences foul trouble early in a game or half, the opportunity to self-correct at the outset of the second and fourth quarters
- Scoring:
 - On game clock, reset foul count each quarter
 - In scorebook, at the end of each quarter, draw a bold vertical line in the team foul count tally section to indicate the total foul count for the quarter (similar to how we mark the end of the first half in the running score tally at the top of the scorer's page)
